Has your venue cancelled your wedding or function due to the COVID-19 virus?
Are you worried they might?

With things changing everyday, we can offer an alternative to keep your party, function or even your wedding, on track.

Your backyard and even your garage, can be the perfect place to have your event. We can offer a beautiful outdoor marquee in your backyard enchanting the space using fairy lights and linings.
For a smaller gathering, we can drape the walls of your garage to make the space intimate and elegant.

To see how we can help your event go ahead, call or send us an email
